**7<sup>th</sup> European Clinical Microbiology Congress (TENTATIVE PROGRAM)**  
**London, UK | November 01-02, 2018**

Sessions	Keynote/ Plenary	Speaker Name	Title
<b>Day 1: November 01, 2018 (Thursday)</b>			
	08:30-08:45	Registration Desk opens	
	08:45-09:00	Opening Ceremony & Inaugural Address	
Session 1	KN	Radka Argirova	Co-Infection HIV/Flu : From Experimental Model To Individual Health
	PL	Sohail Ali Khan	Synthesis and Characterization of Nanoparticles using Actinomycetes and its evaluation for Antimicrobial potential
	PL	Yogendra Kumar Verma	Human RAD9B variant 2 regulates the phosphorylation of CHK2 kinase
	PL	Brett Wagner Mackenzie	The structure, function, and stability of the sinonasal microbiome during health and chronic rhinosinusitis
	11:00-11:30	Networking & Refreshments Break	
Session 2	KN	Sharad Kumar Yadav	Recent Insights into BHV-4 induced Bovine abortions and Its Intricacy in Recently Developed Diagnosis Tools
	PL	Si-Tuan Nguyen	Genomic features, novel antibiotic resistance genes and pan-genome analysis of clinical multidrug-resistant Acinetobacter baumannii strains in Vietnam hospital
	PL	Georgies Mgode	Clinical application of detection rats in the diagnosis of Tuberculosis in key populations
	PL	Paula Parreira	Management of H. pylori gastric infection via Surface-Grafted Antimicrobial Peptides
	13:30-14:00	Networking Lunch	
Session 3	KN	Naveed Ahmed Khan	War on Terror Cells: Novel sources of antimicrobials
	PL	D Behera	Drug Resistance TB in India
	PL	Abdeen Mustafa Omer	Counterfeit Drugs Set Alarm Bells Ringing: Comparative Analysis Of Drug Policies
	PL	J Johnston	The nature of microbial involvement in the development of adenotonsillar hyperplasia
	PL	J Dasaratha Ramaiah	Impact Of A Written Antibiotic Polciy In Restricting Antibiotic Usage In NICU

**Day 2: November 02, 2018 (Friday)**

	08:30-08:45	Registration Desk opens	
	08:45-09:00	Opening Ceremony & Inaugural Address	
Sessions	Keynote/ Plenary	Speaker Name	Title
Session 1	KN	Anil Chandra Phukan	Emerging viral diseases in India with particular reference to the North Eastern Region
	PL	John Bosco Kalule	Characterisation of STEC and other diarrheic E. coli isolated on CHROMagarTMSTEC at a tertiary referral hospital, Cape Town
	PL	C Ibacache- Quiroga	Evolution of high-level aminoglycoside resistance in Escherichia coli under high and low mutation supply rates
	PL	Segundo Mesa Castillo	Direct evidence of viral infection and mitochondrial alterations in the brain of fetuses at high risk for schizophrenia
	11:00-11:30	Networking & Refreshments Break	
Session 2	PL	Aqsa Jamil	Spectrum of Etiological Agents and Emergence of Nosocomial MDR strains
	PL	Bivigou Mboumba Berthold	Occult hepatitis B infection, a real challenge for low incoming countries
	PL	Rahul Garg	Source Of Bacterial Infections And Its Impact On Sepsis Related Outcome: A Prospective Observational Study From ICU's Of A Tertiary Health Care
	PL	Sachin H Jain	Trends of Antimicrobial Resistance in Gram negative Isolates from an ICU Over 3 Years
	13:00-14:00	Networking Lunch	
Session 3	PL	Jonathan Cho	Newly approved antimicrobial agents: where do they belong?
	PL	Saber Mosaad Hegazy	Zika Virus Infection New Threat In Global Health
	PL	Mohammad Nasar	Characterization and antibiotic resistance profile of listeria monocytogenes isolated from fish and broiler meat
<b>*Speaker Slots Available</b>			
Session 4	Poster Presentation		
<b>Awards / Closing Ceremony</b>
